If a swimmer has a Sectional time in any stroke, they are precluded from swimming that stroke in any WHALe meet including relay events for the specified stroke. If a swimmer has Sectional Times in three strokes, but not the IM, this does not prohibit him/her from swimming the IM. The starter then directs them to "take your mark" to which they must immediately respond by assuming a starting position. Sufficient time should follow "take your mark" to enable swimmers to assume starting positions, but no swimmer shall be in motion immediately before the starting signal is given.

 - (4) Pushing off a pool's side other than at the starting or finishing ends.
 - b) A touch/turn judge will disqualify a swimmer who violated any turn, finish, or relay race rule listed in Appendix A.
 - c) Under sections 10, 11 & 12 listed above, all heats will be judged. If a swimmer is disqualified for any reason, the meet referee will mark the timing slip with "DQ" & reason for the DQ in a bold, easily seen way to indicate to the scoring table that this swimmer has been disqualified.
 - d) During the Meet of Champs, a judge will write both the nature of any disqualification and "DQ" on the timer's sheet for the swimmer disqualified.
 - e) Backstroke flags must be fifteen (15) feet from each end of the course and about seven (7) feet above the water surface. Incorrect placement of the backstroke flags is allowed if all coaches approve and the touch/turn judges are instructed to be lenient in assessing disqualifications in the backstroke.

I. MEMBERSHIP AND SCHEDULING

- 1) Annually, the chapter teams shall be apportioned into divisions for dual meet scheduling. The primary goal of such apportionment is competitive balance.
- 2) All information needed for scheduling dual meets is due by January meeting. Every director will receive the league's master dual meet schedule listing all meets and starting time by the March meeting.
- 3) Teams who do not meet the Whale requirements for swimming in their own pool will use Katy ISD pools for meets and the Whale league will pay for the pool usage. The Executive Board making the schedule each year will schedule teams who do not meet the Whale requirements, for at least one home meet at a Katy ISD pool. If at all possible, all other meets will be scheduled in pools within that division who can volunteer to host additional meets to reduce the cost to Whale.

J. INSURANCE AND POOL SAFETY

- 1) There must be a minimum of two coaches on the pool deck who maintain all three (3) certifications for all practices and/or swim meets. If there aren't two coaches who maintain all certifications, a certified lifeguard must sit in the lifeguard chair.
- 2) Liability insurance will be reviewed on an annual basis. Any request for change must be submitted in writing to board@swimwhale.com by the January meeting.
- 3) Any team that is accepted into WHALe must have pool depth of at least 3 feet 6 inches.

- 4) All teams must confirm with their HOA and Management Companies that they are in compliance with the ADA Standards that are in effect as of March 15, 2012.

K. PERSONAL CONDUCT POLICY & LEGAL

- 1) Swimmers, their parents, and coaches shall be obligated to behave in an exemplary manner when at all practices, meets and other WHALe functions. The following list is an example of the types of behavior that will not be tolerated and will be subject to disciplinary action:
 - a) theft or destruction of places and/or objects;
 - b) any illegal or extremely offensive behavior;
 - c) the possession, use, or sale/distribution of any controlled or illegal substance or weapons of any form; and
 - d) sexual misconduct.
- 2) The aforementioned list is not exhaustive and may be expanded at any time by the WHALe Board or the WHALe Executive Board.
- 3) Disciplinary actions shall be taken as follows:
 - a) Team notice and team disciplinary action
 - i) Upon the WHALe Executive Board being notified of any such behaviors, the WHALe President or next highest ranking WHALe Executive Board member shall notify the WHALe Board Member (League Representative or his/her designee) from the swimmer's, parent's or coach's team.
 - ii) The WHALe Board Member (or his/her designee) shall consult with his/her team president and/or team board and come to a decision on the disciplinary action the team deems appropriate.
 - iii) The WHALe Board Member (or his/her designee) shall notify the WHALe President of such decision and ensure that the disciplinary action is carried out.
 - iv) In the event a team board takes disciplinary action for behavioral conduct that results in team expulsion, the WHALe Executive Board shall be permitted to report such action to any future team which such swimmer, parent, or coach attempts to affiliate with.
 - b) WHALe Executive Board review
 - i) If, upon notice from a team pursuant to Section K.2)a)iii) of a disciplinary action, the WHALe Executive Board believes that the severity of the disciplinary action levied by the team board was insufficient against the swimmer, parent, or coach, then the WHALe President shall discuss a more severe penalty with the team.
 - ii) If such discussions with the team do not yield the desired result of the WHALe President, then the WHALe Executive Board may, by unanimous vote, agree to a more severe disciplinary action. Such disciplinary action may include, but are not limited to, the following:
 - (1) Removal from the current meet;
 - (2) Suspension from the next meet or additional meets this season or next season;

 - c) Appeal to full WHALe Board In the event that either the team or the swimmer/parent/coach disagrees with the disciplinary action taken by the WHALe Executive Board, the WHALe Board Member for such team or the swimmer/parent/coach (acting on their own accord) may request that their case be heard by the full WHALe Board. The team or the swimmer/parent/coach shall make such request by providing written notice to the WHALe President along with a 250-word or less summary of the appeal. Such summary and a 250-word or less summary prepared by the WHALe Executive Board shall be provided to the WHALe Board in advance of the next regularly scheduled meeting. At such regularly scheduled meeting, the WHALe Board shall vote upon such disciplinary action taken by the WHALe Executive Board. If the disciplinary action is upheld, it shall remain in force, but if it is voted down, the original disciplinary action instituted by the team shall be enforced.

ARTICLE 101 - INDIVIDUAL STROKES AND RELAYS

101.1 BREASTSTROKE

- 1) Start
 - a) The forward start shall be used.
- 2) Stroke
 - a) From the beginning of the first arm stroke after the start and after each turn, the body shall be kept on the breast. It is not permitted to roll onto the back at any time.
 - b) Throughout the race the stroke cycle must be one arm stroke and one leg kick in that order.
 - c) All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement.
 - d) The hands shall be pushed forward together from the breast on, under, or over the water.
 - e) The elbows shall be under water except for the final stroke before the turn, during the turn and for the final stroke at the finish. The hands shall be brought back on or under the surface of the water. The hands shall not be brought back beyond the hip line, except during the first stroke after the start and each turn.
 - f) During each complete cycle, some part of the swimmer's head shall break the surface of the water. After the start and after each turn, the swimmer may take one arm stroke completely back to the legs. The head must break the surface of the water before the hands turn inward at the widest part of the second stroke.
- 3) Kick
 - a) After the start and each turn, a single downward butterfly kick followed by a breast-stroke kick is permitted while wholly submerged (2006 Rules & Regulations 19). Following which, all movements of the legs shall be simultaneous and in the same horizontal plane without alternating movement. Updated policy as of November 2014!
 - b) The feet must be turned outwards during the propulsive part of the kick. A scissors, flutter or downward butterfly kick is not permitted except as provided herein. Breaking the surface of the water with the feet is allowed unless followed by a downward butterfly kick.
- 4) Turns and Finish
 - a) At each turn and at the finish of the race, the touch shall be made with both hands simultaneously at, above, or below the water level. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during the last complete or incomplete cycle preceding the touch.

101.2 BUTTERFLY

- 1) Start
 - a) The forward start shall be used.
- 2) Stroke
 - a) After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring the swimmer to the surface. It shall be permissible for a swimmer to be completely submerged for a distance of not more than 15 meters (16.4 yards) after the start and after each turn. By that point, the head must have broken the surface. The swimmer must remain on the surface until the next turn or finish. From the beginning of the first arm pull, the body shall be kept on the breast. Both arms must be brought forward over the water and pulled back simultaneously.
- 3) Kick
 - a) All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissors or breaststroke kicking movement is not permitted.

- 4) Turns
 - a) At each turn the body shall be on the breast. The touch shall be made with both hands simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall.
- 5) Finish
 - a) At the finish, the body shall be on the breast and the touch shall be made with both hands simultaneously at, above, or below the water surface.

101.3 BACKSTROKE

- 1) Start
 - a) The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the starting grips. Ankle grip starts will be permitted unless pool deck conditions are deemed unsafe for this start by discretion of the meet director. This should be clarified PRIOR TO meet start. No part of the ankle gripped foot should extend beyond edge of pool.
 - b) Prior to the command "take your mark" and until the feet leave the wall at the starting signal, the swimmer's feet, including the toes, shall be placed under the surface of the water. Standing in or on the gutter or curling the toes over the lip of the gutter is not permitted at any time before the start. A backstroke starting block may not be used.
- 2) Stroke
 - a) Standing in or on the gutter or curling the toes over the lip of the gutter immediately after the start is not permitted. The swimmer shall push off on his back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) and after the start and each turn. By that point, the head must have broken the surface of the water.
- 3) Turns
 - a) Upon completion of each length, some part of the swimmer must touch the wall.
 - b) During the turn the shoulders may turn past the vertical toward the breast after which a continuous single arm pull or a continuous simultaneous double arm pull may be used to execute the turn.
 - i) Once that one pull is completed (hands at side) all kicking may stop or may continue. At that point the swimmer is allowed to glide or kick into the wall to complete the turn.
 - ii) If a swimmer chooses to complete the turn on their breast (3.2), they cannot touch the wall with their hand/s during the turn.
 - c) The swimmer must return to a position on the back before the feet leave the wall.

Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn. By that point the head must have broken the surface. The swimmer must complete the entire event in the same style/stroke in which the event was started.
- 4) Turns
